ABOUT ME

I am a 20-year-old college student at Instituto Superior Técnico seeking a summer internship to put knowledge into practice in a field related to machine learning and programming. Also looking forward to learning new programming languages and keen to expand my knowledge in my areas of most interest. I speak Portuguese and English fluently. In my free time I like to read and learn new things about any topic.

SKILLS

Programming Languages: C, Python, Matlab, Assembly and basics of JavaScript and SQL.

Other languages: HTML, CSS and basic VHDL.

EXPERIENCE

JEEC COLLABORATOR (2021 - NOW)

Member of the Web Development Team. Programmed a part of JEEC website's API. Mainly programmed back-end code in Python, also did front-end using HTML and CSS. During JEEC, I put my teamwork to good use in order to make the event happen, doing jobs such as preparing activities or setting up the tent.

EDUCATION

INSTITUTO SUPERIOR TÉCNICO (2019 - NOW)

Enrolled in BSc in Electrical and Computer Engineering, currently in third year with an average of 15.00.

Main areas of interest:

- Computer Science, Machine Learning and Artificial Intelligence
- Physics related to Electromagnetism

ESCOLA SECUNDÁRIA JORGE PEIXINHO (2016 - 2019)

Finished high school with a final average of 17

CERTIFICATES

- Cambridge C1 Advanced (2019) with overall score of 196 (Grade B)
- Cambridge B2 First (2017) with overall score of 183 (Grade A)
